LIKE A LOCAL: TOP ART GALLERIES IN SOHO

Christopher Kompanek

January 25, 2017

Once a refuge for artists who rented cheap industrial lofts, SoHo is now one of the most stylish and exclusive neighborhoods in New York. While many of the artists have long since relocated, much of the art remains.

Squeezed between trendy restaurants and upscale boutiques, dozens of art galleries remain in SoHo. Below are ten of the best.

Kate Werble Gallery

With cement floors and exposed pipes, the atmosphere of this gallery echoes SoHo's industrial past. Located equidistant from the Film Forum and New York City Fire Museum, Kate Werble hosts shows that cover a wide breadth of the art world, from Gareth Long's colorful sculptures to Melanie Schiff's ominous and electric photographs. Other recent highlights include the provocative "Sexting" show that examined coupling in its various forms.
